evilevilcouch@gmail.com: it makes sense to do it at the end of the month
evilevilcouch@gmail.com: and he was all "blah blah i expect work to get done but then i try to contact you tuesday and then today and you don't pick up and this is what frustrates me" etc
evilevilcouch@gmail.com: and it's like

evilevilcouch@gmail.com: heh, want to see your horoscope for friday?
evilevilcouch@gmail.com: er, today ish
me: sure
evilevilcouch@gmail.com: (technically it's saturday)
evilevilcouch@gmail.com: anyway
evilevilcouch@gmail.com: One word leads to another

There could well be a very painful argument if you react in an unconsidered manner at this time. Without warning one word leads to another until you suddenly show yourself to be hard and hostile in order to cover up one of your own weaknesses. In this way you can hurt your partner, a friend, or someone else to whom you are close, so that you greatly reproach

yourself afterwards. That is why it is important at this time to be careful during all interactions with people who are close to you. If you remain aware of your feelings and reactions during all personal contacts, you will certainly recognize the situation described above - before it occurs.
me: jesus
evilevilcouch@gmail.com: teehee
evilevilcouch@gmail.com: wanna see mine for today?
me: yes
evilevilcouch@gmail.com: oh wait
evilevilcouch@gmail.com: i dunno if it's that...i dunno
evilevilcouch@gmail.com: oh well
evilevilcouch@gmail.com: WALL OF TEXT
evilevilcouch@gmail.com: Mental activity

This influence indicates a day of busy mental activity and many communications with others. You will be busier than usual with letter writing, paper work and group conferences, which should run smoothly, although under certain circumstances there could be problems. Be especially careful not to speak or otherwise communicate from purely egotistic motives. Make your point and let it go at that, because chances are your statement will have enough energy to be effective without making a controversy of it. If you do turn it into a controversy, you will encounter opposition from people who are similarly inclined, and communication will grind to a halt. Do not try to defend any ideas that are clearly shown to be invalid.
evilevilcouch@gmail.com: lol this is mine for tomorrow:
evilevilcouch@gmail.com: oh it also said this for today for me, haha
evilevilcouch@gmail.com: "Some criticism from your partner may now leave you at a loss for words."
me: jesus
evilevilcouch@gmail.com: teeheehee
evilevilcouch@gmail.com: this is mine for saturday/tomorrow/technically "today"
evilevilcouch@gmail.com: The art of persuasion

This influence puts you much more in touch with your own feelings and with the feelings of the people you encounter. You are able to sense others' moods and to shape your communications so that what you say fits in with their feelings. This ability is particularly useful when dealing with groups of people. This is an excellent time for talking to groups and trying to persuade them of your point of view. By the same token, you will listen unusually well to other people's problems. Others will sense your interest and may call on you to help them with their problems. But that will not bother you, because you are very concerned with experiencing emotional richness in your communications with others, especially by helping someone in this way.
evilevilcouch@gmail.com: i would show you yours but i shouldn't spoil it
evilevilcouch@gmail.com: might as well let the energies play themselves out

me: very well
evilevilcouch@gmail.com: :)
evilevilcouch@gmail.com: bahahahahahahahahaha
evilevilcouch@gmail.com: zomg
evilevilcouch@gmail.com: like, there are a lot of planets in aquarius right now
evilevilcouch@gmail.com: your moon (emotions) is in aquarius
evilevilcouch@gmail.com: er
evilevilcouch@gmail.com: k this was for feb 9:
evilevilcouch@gmail.com: "The Moon in Taurus loathes change and will clash mightily with the Sun, Mercury, Mars and Neptune in Aquarius that is hell bent on revolution.
Venus and Pluto are still in close conjunction, in hard aspect to Jupiter Uranus making everything around the world unpredictable.
The trick here is to stabilize your emotions amongst the upheaval and it is possible."
evilevilcouch@gmail.com: so i asked rose about what all those planets will be like when they go to pisces
evilevilcouch@gmail.com: and then asked her to explain aquarius, cause i've never been able to understand aquarius too well
evilevilcouch@gmail.com: lolololol
evilevilcouch@gmail.com: "pisces is more like the universal dream, sorrow, confusion, empathy, psychic messeges, and drinking
hazy fog, neptune, feelings, love"
evilevilcouch@gmail.com: Nota Tirem: aquarius is electric blue lightning, the people, the future, the future of the people, the people of the future, "you wouldn't get it" sigh, so advanced, space politics

Nikki: hahahahahahahahahahahahahaha

Nota Tirem: aquarius is about hold emotion in, and pisces is about letting it out and living in it
evilevilcouch@gmail.com: your moon is in aquarius
evilevilcouch@gmail.com: teeheehoho
evilevilcouch@gmail.com: my moon is in saggitarius
evilevilcouch@gmail.com: hahahahaha
evilevilcouch@gmail.com: this is how rose described saggitarius:
evilevilcouch@gmail.com: "super mega bad assery, hot shit party time, i'm da bomb, lets fly to rome without any shoes and read a book you've never heard of while doing native american drugs."
evilevilcouch@gmail.com: "like life experience to the fullest, don't bring me down cause your mom dying is fucking funny if you really think about it, like really really think about it, but dont cause theres beer to drink"
evilevilcouch@gmail.com: hahahahaha
evilevilcouch@gmail.com: that = sagitarrius
evilevilcouch@gmail.com: teehee ho ho

evilevilcouch@gmail.com: oh man speaking of which, did i tell you about the hilarious glitter watercolor paintings i had from the large, black schizophrenic guy at the hospital??
me: um, no?
evilevilcouch@gmail.com: new roommate cleaned the living room and found them
me: lol
evilevilcouch@gmail.com: and omfg
evilevilcouch@gmail.com: so, this big goofy black schizophrenic dude demitri
evilevilcouch@gmail.com: i asked demitri if he'd like to color/paint with me
evilevilcouch@gmail.com: demitri would always be smiling and randomly start singing
evilevilcouch@gmail.com: then start quoting the bible
evilevilcouch@gmail.com: then talk about seeing demons
evilevilcouch@gmail.com: and what the demons and gremlins would say to him
evilevilcouch@gmail.com: so he drew the demon he'd see
evilevilcouch@gmail.com: in pencil
evilevilcouch@gmail.com: and colored it with glitter watercolor paint
evilevilcouch@gmail.com: new roommate cleaned the living room and found them
